(B) Without limiting the general applicability of Paragraph 19A, the Participant, if it is a non-profit, further agrees to comply with the provisions of 2 CFR part 200, subpart D, including the contract provisions required at Appendix A. The following Participants by entering their signature acknowledge receipt of this Form NRCS-CPA-1202-CPC (Appendix) and agree to its terms and conditions thereof. Further, if the undersigned are succeeding to an existing Contract, the undersigned agree and certify that no agreement exists or will be entered into between the undersigned, the previous owner and operator of the property, or mortgage holder that would, maintain or create an interest in the property for any previous Participant on this Contract for that property, or to receive payments under the contracts.

8. Certification Regarding Debarment, Suspension, and Other Responsibility Matters - Primary Covered Transactions (2 CFR part 417 and 2 CFR part 180, as applicable)

- (1) The Participant certifies to the best of the Participant's knowledge and belief, that the Participant and his or her principals:

(d) Have not within the three-year period preceding this Agreement had one or more public contracts (Federal, State or local) terminated for cause or default.

(2) If the Participant is unable to certify to any of the statements set forth in paragraph 10D (1), the Participant shall attach an explanation to this Agreement.

## 9. EXAMINATION OF RECORDS

The Participant agrees to give NRCS, the Office of Inspector General, or the Comptroller General, through any authorized representative, access to and the right to examine all records, books, papers, or documents related to this Agreement for a period of three (3) years after the completion of the terms of this Agreement in accordance with the applicable Office of Management and Budget circular.

## 10. ACCESS

The Participant agrees to allow access to the land under this Agreement to the NRCS representative or their agent, including Technical Service Providers representing NRCS, for monitoring progress on this Agreement.

## 11. PAYMENTS

All payments received as part of this Agreement will be reported to the United States Internal Revenue Service (IRS). For information related to tax liabilities, it is recommended that the Participant consult with a tax accountant or refer to IRS publication 225, Farmers Tax Guide.

- A. Disbursement of any annual land payments will be contingent upon verification that the Participant has control, *i.e.* possession of the land by ownership or written lease, over all designated acreage in the Agreement.
- B. A Participant who loses control of the land must notify the NRCS Representative within 30 days of such loss of control. Land will be considered "transferred" if the Participant loses control of the acreage for any

reason. The term "transferor" means the Participant who loses control, and the term "transferee" means the person who acquires control of the land. If all or part of a land unit under the Agreement is transferred, the Agreement terminates with respect to the transferred acreage; however, the transferee may assume the obligations of the Agreement with respect to the transferred acreage. It is the transferor's responsibility to contact the transferee about assuming the responsibility of the Agreement. If the transferee will not assume the obligations of the Agreement with respect to the transferred acreage, the transferor is in violation and subject to forfeiture and refunds of payments received on the transferred acreage.

- C. Designation "FR" in the average cost column and in the cost-share rate column, if applicable, along with a dollar amounts means the payment per unit will be the dollar amount specified.

## 12. COLLECTIONS

Collection of amounts due from a Participant for improper payment or any other reason will follow procedures of 7 CFR part 3, or applicable successor or supplemental parts. NRCS will notify the Participant to identify the reason for the collection and the amount owed. Unpaid debts accrue interest beginning 30 days after the billing date at the current value of funds rate published in the Federal Register by the United States Department of Treasury.

## 13. MODIFICATIONS

Changes may be made in this contract through modifications that are agreed to by the Participant(s) and the NRCS representative.

## 14. SIGNATURE AUTHORITY

Any Participant that will receive financial benefit from the implementation of this Agreement must be a signatory on the Agreement. Unless signature authority is not granted or assigned on the Agreement, any Participant on the Agreement may approve payment applications for the Agreement.

## 15. CORPORATIONS

- A. By entering into this Agreement, the undersigned "Corporation" defined as any entity that has filed articles of incorporation in any of the 50 states, the District of Columbia, or the various territories of the United States of America, attests that it has not been convicted of a felony criminal violation

under Federal or State law in the 24 months preceding the date of signature, nor has any officer or agent of the undersigned, if a Corporation, been convicted of a felony criminal violation under Federal or State law in the 24 months preceding the date of signature.

- B. By entering into this Agreement, the undersigned "Corporation" is defined as any entity that has filed articles of incorporation in any of the 50 states, the District of Columbia, or the various territories of the United States of America, attests that it does not have any unpaid Federal tax liability that has been assessed, for which all judicial and administrative remedies have been exhausted or have lapsed, and that is not being paid in a timely manner pursuant to an agreement with the authority responsible for collecting the tax liability.

## 16. TERMINATIONS

A If a Participant fails to carry-out the terms and conditions of this Agreement, NRCS may terminate this Agreement. NRCS may require the Participant to refund payments received under this Agreement, or if not terminated, require the Participant to accept such adjustments in subsequent payments as are determined to be appropriate by NRCS. Refunds shall be subject to the provisions in Paragraph 14.

B The NRCS may terminate this Agreement, in whole or in part, without liability, if NRCS determines that continued operation of this Agreement will result in the violation of a Federal statute or regulation, or if NRCS determines that termination would be in the public interest.

C The Agreement terminates upon death of the participant unless the participant identifies an Executor or other Estate Representative to act on the participant's behalf and such Executor or Estate Representative transfers the Agreement to an eligible person or legal entity and such transfer is approved by NRCS.

## 17.. RECOVERY OF COST

A In the event a Participant violates the terms of this Agreement, the Participant voluntarily terminates this Agreement before any payments have been made, or this Agreement is terminated with cause by NRCS, the NRCS will incur substantial costs in administering this Agreement which may not be possible to quantify with certainty. Therefore, in addition to the refund of payments as set forth in Paragraph 18, the Participant agrees to pay liquidated damages in an amount equal to 10 percent of the total financial assistance obligated to the Participant in this Agreement, at the time of termination. This liquidated damages payment is for recovery of administrative costs and technical services and is not a penalty.

B The Participant may be required by the NRCS to refund all or a portion of any assistance earned under the program if the Participant sells or loses control of the land under this Agreement and the new owner or transferee is not eligible for the program, or refuses to assume responsibility under the Agreement.

#### 18. RIGHTS TO APPEAL AND REQUEST EQUITABLE RELIEF

A The Participant may appeal an adverse decision under this Agreement in accordance with the appeal procedures set forth at 7 CFR part 11, Subpart A, and part 614. Pending the resolution of an appeal, no payments shall be made under this agreement. Before a Participant seeks judicial review, the Participant must exhaust all appeal rights granted within these regulations.

B The Participant may also request equitable relief as provided under 7 U.S.C. 7996 and 7 CFR part 635 with the requirements of that provision.

By signing the Agreement, the Participant agrees to the implementation of a conservation plan, the effect of which is to protect, enhance, maintain, and manage the hydrologic conditions of inundation or saturation of the soil, native vegetation, and natural topography of eligible lands.

5. PROVISIONS RELATING TO TENANTS AND LANDLORDS

No payment will be approved for the current year if NRCS determines that any of the following conditions exist:

The Participant as landlord or operator has adopted any other scheme or device for the purpose of depriving any tenant or sharecropper of any benefits to which such tenant or sharecropper would otherwise be entitled. If any such conditions occur or are discovered after payments have been made, all or any part of the payments, as determined by NRCS, must be refunded according to this Agreement and no further payments shall be made.

6. EFFECTIVE DATE

- a. This Agreement is effective on January 1 of the year in which the Agreement is approved and when signed by the Participant and an authorized representative of NRCS except that the Agreement shall become effective on January 1 of the next succeeding year in cases where, at the time the Agreement is approved, the NRCS determines that the Agreement signers will be unable to comply with the provisions of the Agreement in the year in which such Agreement is approved.

<b>B</b>	Benefit species and/or habitat
<b>NE</b>	No Effect
<b>NE1</b>	Practice is never applied on land suitable for the listed species and has no effect on the species or suitable habitat.
<b>NE2</b>	Practice may occur in suitable habitat but will have no effect on the listed species.
<b>MA</b>	May affect (Site specific consultation needed)
<b>NLAA</b>	May affect-Not Likely to Adversely Affect
<b>NLAA-CICP</b>	May affect-Not Likely to Adversely Affect-Conditions to Implement Conservation Practices
<b>NLAA-CICP 4(d)</b>	May affect-Not Likely to Adversely Affect-Conditions to Implement Conservation Practices - within the White-nose Syndrome Zone requiring application of NLEB 4(d) rules.
For Conservation Practices with predicted NLAA effects, there is an associated list of CICPs required to be followed to meet the NLAA level of impact. Participant(s) commit to follow CICPs by signing an agreement and placing their initials and date by each of the identified species CIPC's on this document prior to implementing the conservation practice. Doing so, ensures effects to Threatened and/or Endangered species will be considered "NLAA" for the species, and further consultation will not be required. If the landowner chooses not to sign or initial the agreement with the CICP parameters, he/she will be suspended from the planning process until they have received an approved consultation from the USFWS, likely requiring the participant to hire a third party to assist with the consultation. Following is a list of the CICPs utilized with the conservation practice matrix to limit impacts.

### Threatened and/or Endangered Species Conditions for Implementing Conservation Practices (CICPs)

Producer's Initials & Date	Species	
	Whooping Crane	1. Occasional and/or transient whooping cranes may visit the project site or vicinity. Whooping cranes migrate during the day and make regular stops to rest and feed. If any whooping cranes visit the site or within one-half mile radius of the site, then the participant, Technical Service Provider, and/or the contractor must stop work immediately and contact the local NRCS office. Once work is stopped, leave the site and do not return to complete the work until after the cranes leave. The cranes should only stay for a day or two. Any further construction/practice implementation without clearance could jeopardize assistance (cost-share/technical) and may be a violation of federal law.
	Rufa Red Knot	1. Occasional and/or transient rufa red knots may visit the project site or vicinity. If any red knots visit the site or within one-half mile radius of the site, then the participant, Technical Service Provider, and/or the contractor must stop work immediately and contact the local NRCS office. Once work is stopped, leave the site and do not return to complete the work until after the red knots leave. Any further construction/practice implementation without clearance could jeopardize assistance (cost-share/technical) and may be a violation of federal law.
	Piping Plover	1. Conservation practices shall not be implemented without a visual or noise barrier within 1/4 mile of beach areas, peninsulas, or sand, shale, or gravel bars, and similar areas on the Missouri River or its reservoirs from April 15 through August 15 unless surveys are conducted that show that: a) no piping plovers are present, or b) piping plovers have completed nesting and will not be affected by the planned action. 2. Conservation practices shall not be implemented on beach areas, peninsulas, or sand, shale, or gravel bars, and similar areas on the Missouri River or its reservoirs from April 15 through August 15. 3. Conservation practices shall not be implemented without a visual or noise barrier on or within 1/4 mile of natural saline/alkali wetlands, as designated on the Final Designation of Critical Habitat for Breeding Piping Plovers in North Dakota, from April 15 through August 31 unless surveys are conducted that show that: a) no piping plovers are present, or b) piping plovers have completed nesting and will not be affected by the planned action. Contact the State Biologist or SRC for site specific criteria.
